VOTED: That the sum of \$300.00 be raised and appropriated for the above purpose.

Article 11. William W. Bates and others. Will the Town vote to raise and appropriate the sum of \$650.00, for the removal of ledge and straightening of Beechwood Street, between the top of hill near the residence of David Stoddard to the top of hill near the residence of Maurice W. Parker, as ordered and laid out by the County Commissioners, in 1902, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 12. Percy M. Hendrie and others. Will the

Town raise and appropriate the sum of \$500.00 to continue and complete the repairs on Stockbridge Street, and for a catch-basin at the corner of Stockbridge Street and Margin Street, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 13. George Jason and others. Will the Town raise and appropriate the sum of \$1,500.00, to build asphalt concrete sidewalks in locations approved by the Board of Selectmen under the supervision of the Highway surveyor, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 14. Daniel E. McSweeney and others. Will the Town vote to raise and appropriate the sum of \$200.00 for the purpose of equipping the Ripley Road School Auditorium, for Basketball purposes, to be expended by a committee appointed by the moderator, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 15. R. Stokes Apsey and others. Will the Town raise and appropriate the sum of Twenty-five (25) Dollars to install and maintain an electric light on Red Gate Lane near the residence of R. Stokes Apsey, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 16. Will the Town vote to raise and appropriate the sum of \$75.00 for the rental for one year of a hydrant, on South Main Street, between the driveways of Ralph Cahouet and Robert O. Bridham, or act on anything relating thereto?

VOTED: To raise and appropriate the sum of \$75.00 for the above purpose.

Article 17. Will the Town vote to raise and appro-

priate the sum of \$75.00 for the rental for one year of a hydrant, on the corner of Atlantic Avenue and Margin Street, or act on anything relating thereto?

VOTED: To raise and appropriate the sum of \$75.00 for the above purpose.

Article 18. John Bishop and others. To see if the Town will vote to hereafter elect three (3) road commissioners for the terms of one two and three years as provided in Section 63 of Chapter 41 of the General Laws, the office of highway surveyor to be abolished upon the election of said road commissioners, or take any other or further action with respect to the election of road commissioners in place of the highway surveyor.

VOTED: Indefinite postponement.

Article 19. William O. Souther and others. Will the Town appoint a committee of the Selectmen and five citizens of Cohasset, to be appointed by the Selectmen, to act as a committee to investigate the advisability of constructing an under ground water conduit from James Brook in the vicinity of James Lane to divert the flow of water from James Brook to Little Harbor, thereby diverting the James Brook water flow from the center of the village and meadows in the rear of St. Anthony's Church. Said Committee to report their findings and recommendations, which shall include approximate cost of conduit, at the next Town Meeting?

VOTED: That a committee consisting of the Selectmen and five other citizens of Cohasset, to be appointed by the Selectmen, be and hereby are instructed to consider the advisability of constructing an underground water conduit from James Brook in the vicinity of James Lane to Little Harbor thereby diverting the James Brook water flow from the center of the village and meadows in the rear of St. Anthony's Church. Said committee shall

report their findings and recommendations, which shall include approximate cost of conduit, not later than the next annual Town Meeting.

Article 20. William O. Souther and others. Will the Town instruct the Selectmen to, without delay, take the necessary procedure to cause the N. Y., N. H. & H. R. R. to remove all obstruction in the water course and to construct and maintain a suitable drain or drains to permit the free flow of water from Ripley Road to the Town Parking Place?

VOTED: That the Selectmen be and hereby are instructed to, without delay, take the necessary procedure to cause the N. Y., N. H. & H. R. R., to remove all obstruction in the water course and to construct and maintain suitable drain or drains to permit the free flow of water from Ripley Road to the Town Parking Place.

Article 21. Odin Towle and others. Will the Town instruct the Selectmen to appoint a resident of Cohasset as Town Engineer, provided there is a Civil Engineer, who is a resident of Cohasset, and will the Town instruct the Selectmen to employ a citizen or citizens of Cohasset to do the Town civil engineering work?

VOTED: That the Selectmen are hereby requested to appoint a resident of Cohasset as Town Engineer, provided there is a civil engineer who is a resident of Cohasset and that the Selectmen employ a citizen or citizens of Cohasset to do civil engineering work for the town if there are Civil Engineers who are residents of the Town.

Article 22. Alma L. Bates and others. Will the Town vote to instruct the Selectmen not to relocate any existing rights of way, or lay out any new roads or Town ways across private, Town or Common land situated between the property of the heirs of Cyrus H. Bates, and the travelled way known as Jerusalem Road?

VOTED: That the Selectmen are instructed not to relocate any existing right of way, establish any width to any existing way, or lay out any new road or town way across private, town, or common land situated between the property of the heirs of Cyrus H. Bates and the public travelled way known as Jerusalem Road.

Meaning and intending that there shall be no change in any existing travelled way unless the town so votes.

Article 23. George G. Monteiro and others. To see if the Town will vote to purchase all merchandise for the municipal departments from voters living in Cohasset who can supply the Town needs, or act on anything relating thereto.

VOTED: Indefinite postponement.

Article 24. Will the Town raise and appropriate the sum of \$4,700.00, to repair the walls and shore roads damaged by the storm of January 27 - 28, 1933, or act on anything relating thereto?

VOTED: That the sum of \$2,925.00 be raised and appropriated for the above purpose.

Article 25. Cohasset School Committee by John Bates. Will the Town raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) for the purpose of filling, grading, seeding or otherwise improving as a playground the land in the rear of the Ripley Road School, or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 26. Will the Town vote to change the municipal purpose for which the gravel pit lot (known as the Charles Bates Gravel Pit) was acquired and to use said lot for playground, recreational or other purposes or act on anything relating thereto?

VOTED: Indefinite postponement.

Article 27. To see if the Town will hear and act upon the report of the By-Laws Committee, accept its recommendations, adopt any or all of the proposed By-Laws submitted, or take any other or further action relative thereto.

VOTED: To accept as printed in the Town Report.

Article 28. To see if the Town will ratify and confirm the action of its Board of Selectmen in purchasing from Lucy F. Beale in the year 1930, a small strip of land for use as an addition to Woodside Cemetery.

VOTED: That the action of the Selectmen in purchasing from Lucy F. Beale in the year 1930, a strip of land in Hingham for use as an addition to Woodside Cemetery be and hereby is ratified and confirmed.

Article 29. To see if the Town will vote to abandon as a Parking Space so much of the land in the rear of Ruiter's Garage, acquired in the year 1928 for Parking Space purposes, as may be determined to be necessary, convenient, or advisable to use for the erection of a building to house highway equipment and for other municipal purposes; to construct a four-way, fireproof building on a portion of said land so abandoned, or act on anything relating thereto.

VOTED: Indefinite postponement.

VOTED: To adopt the following Resolution.

It is hereby resolved that it is the sentiment of this meeting that a committee of seven consisting of the Selectmen and Alfred W. Jones, Manuel A. Grassie, Henry E. Sweeney and Nathaniel Hurwitz serve as a committee to consider the advisability of purchasing the garage, adjoining building and adjacent land belonging to the heirs of T. Frank Kane for Municipal purposes, said committee to report their findings and recommendations no later

than the next annual town meeting. Any vacancy caused by any members failure to serve said vacancy shall be filled by the remaining members of the committee.

Article 30. What per day rate will the Town pay for labor?

VOTED: That the rate of pay for labor be fixed at \$4.00 for an eight hour day.

VOTED: To adopt the following Resolution.

RESOLVED: That a committee of five be appointed, by the Moderator, to investigate the cost of Lighting of all Town Buildings and the Lighting of Streets, in the Town of Cohasset, this committee to include the Moderator and the Selectmen.

These articles were acted upon at the Annual Town Meeting held March 11, 1933 and the Adjourned Meeting held March 18, 1933.

Total Amount raised and appropriated \$276,942.66

Attest:

WILLIAM H. MORRIS,
Town Clerk.

SPECIAL ELECTION

A Special Election of the inhabitants of the Town of Cohasset, qualified to vote in town affairs, was held at the Town Hall in said Cohasset, on Tuesday, the thirteenth day of June 1933, under a Warrant issued by the Selectmen and dated the first day of June.

To bring in their votes to the Election Officers for the election of Delegates to a Constitutional Convention called to ratify or reject the following Amendment to

the Constitution of the United States proposed by Joint Resolution of Congress:

TEXT OF THE PROPOSED AMENDMENT

"Section 1. The eighteenth article of amendment to the Constitution of the United States is hereby repealed?

"Sec. 2. The transportation or importation into any State, Territory or possession of the United States for delivery or use therein of intoxicating liquors, in violation of the laws thereof, is hereby prohibited?

"Sec. 3. This article shall be inoperative unless it shall have been ratified as an amendment to the Constitution by conventions in the several States, as provided in the Constitution, within seven years from the date of the submission hereof to the States by Congress."

Also to bring in their votes on the following question:

"Shall licenses be granted in this town for the sale therein of wines and malt beverages?"

The Election was opened at one o'clock in the afternoon, the Warrant being read by the Town Clerk.

The following Election Officers were sworn to the faithful discharge of their duties by the presiding Election Officer:

Abraham J. Antoine, Fred C. Blossom, Ora H. Pratt, Eugene C. McSweeney, Thomas J. Keating, Anastasia St. John, John D. McLellan.

At eight P. M., the Polls were closed.

The Ballot Box registered 851.

The ballots were removed and counted 851.

Both check lists showed 851 names checked.

The following Tellers were sworn to the faithful dis-

charge of their duties by the presiding Election Officer:

Charles R. Jason, Joseph L. Oliver, Frank F. Martin, Jr., Reginald R. Beal, George G. Monteiro, Edward M. Fleming, Spencer H. Stoughton, John J. Walsh, Thomas L. Grassie, Joseph H. Donovan.

Declaration thereof was made for the following candidates and question, namely:

DELEGATES AGAINST REPEAL

Adelaide M. Brown	145
Herbert N. Hinckley	133
Elizabeth H. Kelley	128
Blanks	447

DELEGATES FOR REPEAL

Henry T. Geary	666
Gladys P. Swift	655
Ferdinand Sylvia	656
Blanks	576

'SHALL LICENSES BE GRANTED IN THIS TOWN FOR THE SALE THEREIN OF WINES AND MALT BEVERAGES?'

Yes	645
No	187
Blanks	19

Attest:

WILLIAM H. MORRIS,
Town Clerk.

SPECIAL TOWN MEETING

At a Special Meeting of the inhabitants of the Town of Cohasset, qualified to vote in town affairs, held at the Town Hall, October 27, 1933, under a Warrant issued by the Selectmen and dated the nineteenth day of October,

the following action was taken under the Articles in the Warrant:

In the absence of Mr. Frederick G. Roche, duly elected Moderator, the meeting was called to order at eight o'clock P. M., by Mr. William H. Morris, Town Clerk, who then proceeded to read the Warrant.

Mr. Hollis T. Gleason was then nominated, voted and sworn as Temporary Moderator.

Mr. Henry Sweeney and Mr. Nelson Pratt were then appointed and sworn as Tellers to act at this meeting.

Article 1. To see if the Town will vote to authorize its Selectmen to take or acquire lands, easements, rights of way, water rights and other property on one or both sides of James Brook, so-called, and/or to form new channels into which the water from said Brook may be diverted, or take any other action relative to the deepening, widening, improvement and removal of obstructions in the channels of James Brook, or anything relating thereto.

VOTED: That there be raised and appropriated from any free cash in the Treasury the sum of One Thousand Dollars to defray the cost of Engineering services and the procuring of costs, plans, specifications and estimates for work to be done under the terms and conditions of the National Industrial Recovery Act in the widening, deepening and improvement of James Brook, to be reported at an adjournment of this meeting.

Voted that this meeting be adjourned to November 15, 1933 at eight o'clock P. M.

Met in accordance with adjournment.

Voted to take up Article 3, at this time.

Article 3. To see if the Town will vote to raise and appropriate a sum of money for the deepening, widen-

ing and improvement of James Brook, including the construction of enlarged and suitable culverts and retaining walls and authorize the Selectmen to petition the Federal Government for a grant of money under the National Industrial Recovery Act and to accept such grant and to provide for borrowing, or otherwise, of any sum of money that is required to be raised by the town for completing said project or act on anything relating thereto.

VOTED: That the Selectmen, for the purpose of providing for sewerage and surface drainage disposal, be authorized to petition the Federal Government for a grant of money under the National Industrial Recovery Act and to accept such grant, if approved, for the deepening, widening and improvement of James Brook, as hereinafter referred to, including the construction of enlarged and suitable culverts and retaining walls. That there be raised and appropriated the sum of \$37,220.00 for the purpose of deepening, widening and improving James Brook, and/or constructing suitable drains, culverts, retaining walls (or other purposes) for the improving of James Brook as a sanitary and surface drainage or sewage disposal proposition, and/or in accordance with Chapter 20 of the Acts of 1933, provided that funds by loan and by grant from the Federal Government are made available adequate for the purpose within the amount herein authorized. All money received from the Federal Government under the National Industrial Recovery Act on account of such project shall be applied to meet the appropriation herein made and to meet the balance of said appropriation the Treasurer, with the approval of the Selectmen, shall be authorized to borrow said sum and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with the National Industrial Recovery Act and insofar as not inconsistent with said Act, in accordance with Chapter 366 of the Acts of 1933 and Chapter 44 of the General Laws.

The whole loan shall be paid in not more than 20 years or at such period as may be determined by the Emergency Finance Board referred to in said Chapter 366 of the Acts of 1933.

Two thirds of the qualified voters present and voting required.

Yes	192
No	6

The above amended as follows; by a vote in the affirmative.

That a committee be appointed consisting of the Selectmen, Board of Health and John Pratt, to oversee and supervise the expenditure of this appropriation.

It was then voted to take up Article 2 and 3, together.

Article 1. To see if the Town will vote to authorize its Selectmen to take or acquire lands, easements, rights of way, water rights and other property on one or both sides of James Brook, so-called, and/or to form new channels into which the water from said Brook may be diverted, or take any other action relative to the deepening, widening, improvement and removal of obstructions in the channels of James Brook, or anything relating thereto.

Article 2. To see if the Town will raise and appropriate the sum of One Hundred Dollars (\$100.00) for the acquiring of lands, easements, rights of way, and/or water rights for the purpose of widening, deepening and improving James Brook, or take any or other or further action relating thereto.

VOTED: That the Selectmen be and hereby are authorized to acquire lands, easements, rights of way, water rights and other property on one or both sides of James Brook, so-called, necessary, desirable, or which

may be required for the purpose of deepening, widening, improving or for the removal of obstructions in the channels of James Brook and/or to form new channels into which the water from said Brook may be diverted and/or other rights or property and/or for other purposes, in accordance with Chapter 20 of the Acts of 1933; and further, that there be raised and appropriated the sum of \$500.00 for the acquiring of such lands, easements, rights of way, water rights or other property or rights referred to above or in said Chapter, the same to be taken from any free cash in the Treasury.

Two thirds of the qualified voters present and voting, required.

Yes	145
No	3

VOTED: That this meeting be dissolved.

Attest:

WILLIAM H. MORRIS,
Town Clerk.

VITAL STATISTICS

Record of Births, Deaths and Marriages Recorded in 1933.

BIRTHS

Total number of births was ninety-nine, of which fifteen were delayed returns and corrections of past years. Of the eighty-four in the year 1933, there were forty-nine where the parents were residents of other towns. Of the thirty-five whose parents were residents of Cohasset nineteen were females and sixteen were males.

MARRIAGES

Total number of marriages was thirty-four, of which eighteen were married in Cohasset.

DEATHS

Total number of deaths was seventy-six. This number includes those who died in other towns and were brought here for burial. Of the fifty-two who were residents of Cohasset, twenty-four were females and twenty-eight were males.

The causes of death were as follows: cerebral hemorrhage 11; accidental 8; chronic myocarditis 6; hypostatic pneumonia 5; stillbirth 3; acute intestinal nephritis 2; acute cardiac failure 2; coronary thrombosis 2; coronary disease of heart 2; arterio-sclerosis, exposure, drowning, syncope, valvular heart disease, acute yellow atrophy, carcinoma intestines, strangulation, carcinoma abdomen, congenital absence of common duct from gall bladder, acute cholecystitis, paralysis, eclampsia, coronary embolism, chronic cardio-renal disease, tuberculosis, acute parenchymatoris nephritis, asphyxiation, atrophy, Chirver of liver, carcinoma face, carcinoma lung, congenital

heart, lympho sarcoma, anaesthesia, cancer, acute cholecystitis, duo-denal ulcer, chronic intestinal nephritis, hypertensive heart disease, acute intestinal obstruction, carcinoma of stomach, congenital hypentrophic, senility, one each.

Parents, be sure to record the birth of your child with given name in full.

READ THE LAW!

“Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born.” General Laws, Chapter 46, Section 6.

SOME OF THE MANY REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance to property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To establish the right to public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Attest:

WILLIAM H. MORRIS,
Town Clerk.

REPORT OF STATE AUDITOR

*To the Board of Selectmen
Mr. William H. McGaw, Chairman
Cohasset, Massachusetts*

Gentlemen: I submit herewith my report of an audit of the accounts of the town of Cohasset for the period from September 20, 1931 to May 10, 1933, made in accordance with the provisions of Chapter 44 of the General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Accountant of this Division.

Very truly yours,

THEODORE N. WADDELL,
Director of Accounts.

TNW-MEF

*Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxes
State House, Boston*

Sir: In accordance with your instructions, I have made an audit of the books and accounts of the town of Cohasset for the period from September 20, 1931, the date of the previous audit, to May 10, 1933, and submit the following report thereon.

The financial transactions of the town, as recorded on the books and records of the several departments receiving or disbursing money for the town, or committing

bills for collection, were examined and checked for the period of the audit.

The books and accounts in the town accountant's office were examined and checked. The recorded receipts were compared with the records of the several departments collecting money for the town and with the treasurer's books, while the recorded payments were checked with the selectmen's warrants authorizing such payments and with the treasurer's books.

The appropriations and transfers, as entered in the town accountant's books, were checked to the town clerk's records of appropriations voted at town meetings and to the records of transfers from the reserve fund authorized by the finance committee.

The accountant's ledger was analyzed, the necessary adjustments were made, a trial balance was taken off, proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of May 10, 1933. The balance sheet indicates that the financial condition of the town is very satisfactory.

The books and accounts of the town treasurer were examined and checked, the recorded receipts were compared with the accountant's books, with the records in the several departments collecting money for the town, and with the other sources from which money is paid into the town treasury. The payments were checked with the warrants of the selectmen authorizing the treasurer to disburse town funds, with the accountant's books, and with original bills and pay-rolls on file.

The cash balance on May 10, 1933, was verified by an actual count of the cash in the office and by reconciling the bank balances with statements furnished by the banks of deposit.

An examination of the paid vouchers on file disclosed a number of prior years' bills charged to departmental appropriations for succeeding years' expenses. Specific appropriations should be voted for unpaid bills of a prior year. In connection with the incurrence of liabilities in excess of appropriations, attention is called to the provisions of Section 31, Chapter 44, General Laws, which reads as follows:

No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two-thirds of the members of the city council, and in a town by a vote of two-thirds of the selectmen.

An examination of the insurance policies on file showed that compensation insurance is carried on such town employees as school teachers and health inspectors. Since Sections 68 to 75, Chapter 152, General Laws, as amended by Section 12, Chapter 309, Acts of 1927, extend the provisions of workmen's compensation insurance for municipal employees to laborers, workmen, and mechanics only, the payment of premiums for insurance on employees not included in the Workmen's Compensation Act should not be made.

It was also noted that the town carries property damage insurance on a police department motor vehicle. As there is no liability on the part of the town for property damage, the premium for the insurance may not be legally paid.

The payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities and coupons on file.

The securities and savings bank books representing the investments of the several trust funds in the custody of the town treasurer, the library trustees, and the directors of the Paul Pratt Memorial Library were personally examined. The income and disbursements were proved, and the balances on May 10, 1933 were verified.

The books and accounts of the tax collector were examined and checked. The commitment lists were verified and checked with the assessors' warrants for their collection, the recorded collections were compared with the payments to the treasurer, the abatements, as recorded were checked with the assessors' records of abatements granted, and the outstanding accounts were listed and proved to the accountant's ledger. A verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the outstanding accounts, as listed, are correct.

The deeds representing the tax titles taken by the town were examined, listed, and checked with the accountant's, treasurer's, and collector's records.

The town clerk's records of town meetings and of licenses issued on behalf of the State and county were examined and checked. It is recommended that a town vote be taken annually relative to the appropriation of the dog fund received from the county for school or library purposes, as required by Section 172, Chapter 140, General Laws.

Attention is called to the necessity of providing for the emergency overdrafts incurred in 1932 for which no provision was made at the annual town meeting of 1933.

In addition to the departments mentioned, the books and accounts of all other departments collecting money

for the town or committing bills for collection were examined and checked.

The surety bonds filed by the several officials for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the tax collector's cash, summaries of the tax, assessment, and departmental accounts, as well as schedules showing the condition and transactions of the trust funds.

For the co-operation received from the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

EDW. H. FENTON,
Director of Accounts.

EHF-MEF

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen herewith submit their report for the year ending, December 31, 1933.

With the full and comprehensive statement given in the Town Report concerning the general administration of your town affairs it seems unnecessary for us in our short report to dwell further upon these matters, but there are several items to which we wish to call your attention.

The income from the Wadleigh Park Fund was used this year for the grading made necessary by the high tides washing in sand and stones. This provided labor for a few men.

At Wheelwright Park the fund was used for clearing out briars, cutting underbrush and thinning out small growth.

The Town Home has been shingled, the steps and platforms have been repaired, buildings painted outside, some painting done inside and the ceilings repaired and whitened.

The Legion Hall was shingled. The main hall painted and ceiling whitened. There is other painting both inside and out that should be done.

We feel that we are very fortunate in having pro-

jects approved by the Civil Works Administration enabling us to put many men to work.

At this writing the James Brook Public Works Project has been approved by the State Emergency Finance Board, the Federal Emergency Finance Board and is now being held in abeyance at Washington awaiting the appropriation of additional funds to carry on the P. W. Program.

Respectfully submitted,

WILLIAM H. MCGAW,
HERBERT L. BROWN,
DARIUS W. GILBERT,

Board of Selectmen of Cohasset.

REPORT OF THE TOWN COUNSEL

To the Honorable Board of Selectmen:

Gentlemen: Feeling that the functions of the Legal Department are not wholly understood by citizens of the town not in close touch with civic affairs I am reporting generally on the work involved this past year.

At the outset, it should be borne in mind that a so-called Town Counsel is no longer merely an advisor, as the name implies, or an attorney in a court case from time to time. His position has become similar to that of counsel for a large corporation, the complexity of whose activities demand constant specialized legal services to avoid unpleasant entanglements and heavy expenses of special counsel for each new matter.

It should also be realized that a considerable amount of clerical assistance is included in the work, none of which is ever done at the Town Hall. This item alone is substantial in the course of a year, especially where the usual contracts, leases and miscellaneous papers are drawn and where trust instruments, takings by eminent domain, applications such as were involved in the Public Works Projects and Civil Works Program, etc., are also drawn.

In addition to the ordinary routine of advice, opinions and the like, have been the following matters.

1. TRUSTEE PROCESS:

Handling of various writs against the Town by trus-

tee process by creditors attaching wages of town employees involving conferences with creditors' attorneys, preparing and filing in court Trustee's Answers and advise to Town Treasurer relative to same.

2. TOWN WARRANT:

Consultation with various town officials relative to their preparation of Articles for insertion in Warrant and preparation of motions with respect to same.

3. MISCELLANEOUS MINOR CLAIMS:

Investigation of and report on certain minor claims such as broken automobile springs and the like.

4. PUBLIC WELFARE:

Opinion to Town Accountant and correspondence with Board of Public Welfare of City of Haverhill denying liability on claim for welfare relief.

5. HARBOR MASTER:

Conferences and advise from time to time and written opinions to Harbor Master. . . . Preparation of petition to General Court for use as basis of securing special legislation relative to limitation of speed of motor boats in Harbor; preparation and furnishing of abstract and comments on existing laws relative to Harbor Masters, their duties and extent of powers.

6. COHASSET VS. BUFALO LAND COURT CASE:

Preparation and trial of Land Court dispute Cohasset vs. Buffalo, resulting in decision in favor of the town. This case involved many days spent at the Registry of Deeds examining title to all surrounding land in order to determine correct bounds and the status of record title: conferences with Town Engineer and procuring Land Court plan; preparation and filing of Land Court petition;

various conferences with witnesses; preparing case for trial; preparation of brief and legal points and authorities relative to various questions including "Adverse Possession"; preparing summons to witnesses; attending to service of same and trial of case; securing Decree, etc.

7. BLACK ROCK TAX APPEAL CASE:

Conferences with Selectmen from time to time relative to petition for abatement involving Black Rock Hotel; examining petition for abatement; preparing pleadings and filing same with the Tax Appeal Board; numerous consultations with tax expert and other local realtors; various conferences with owner of premises and counsel and local assessors; negotiating and amicably disposing of case.

8. FEDERAL CIVIL WORKS PROGRAM:

Many days spent with town officials; preparation of all civil works applications; conferences with Board; attendance at hearings and securing allowance of projects; consultation and advice on various matters. A great deal of time was spent on details in connection with C. W. A. projects, including office clerical assistance.

9. PUBLIC WORKS PROJECT:

Much time spent on James Brook Public Works project involving examination of requirements; procuring copies of National Industrial Recovery Act and rules and regulations pertaining to same; many conferences with officials, engineers, etc., and advice relative to procedure; preparation of Articles for Town Warrant; securing data for use in preparing application for project; preparing motions and votes and affidavits of Town Clerk, Town Accountant, Board of Selectmen, in connection with same; preparing application to Federal Government for loan and grant; attending to execution of same and filing with

authorities; various conferences with State Emergency Finance Board and Federal Emergency Finance Board; securing approval of application and correspondence with State Capitol. The present status of this matter is that it has been formally approved by both the State and Federal Board in this Commonwealth, has been superficially examined at Washington and appears to be ready for final approval of the loan and grant if, as and when the United States Congress appropriates additional funds for Public Works Projects, all pending matters now being held in abeyance awaiting this action. As soon as final approval is secured many days will have to be spent in examining title to land adjacent to the brook; preparation of taking of easements by eminent domain, filing of orders of taking in the Registry of Deeds; preparation of plans, notices under the Statute, necessary releases, etc.; also preparation of contract with the Federal Government and other details.

10. BY-LAWS:

Consultation with Attorney General's office relative to approval of By-Laws; conferences and advice to Town Clerk relative to preparation of affidavit relative to service.

11 Conferences with Highway Surveyor re opinion and preparation of contracts with reference to Pleasant Beach and Stony Beach retaining wall jobs.

12. Conferences with tax expert and securing reduction of \$50.00 in bill as rendered.

13. Filing of various Proofs of Claim in bankruptcy cases involving uncollected personal property taxes.

14. Written opinion to School Committee relative to law with respect to transportation of pupils attending vocational schools in other towns.

15. Examination of Statute of 1848 under which Beechwood School was purchased and written opinion to School Committee relative to status of same.

16. Various conferences and advice to Selectmen relative to right of way over Woodside Cemetery lot.

17. Conferences and advice to Town Treasurer relative to assignment of wages served in connection with two town employees on occasions.

18. Preparing instruments extending time for use of Beechwood School at the request of School Committee.

19. Written opinion to Selectmen relative to whether a Moderator elected at 1933 meeting should serve at the business meeting or whether the temporary Moderator appointed at the election should serve.

20. Conferences and written opinion to Board of Public Welfare relative to handling of rent on Coffman property.

21. Procuring copy of law relative to legalized wine and malt beverages; examining same and advice to Selectmen on various questions involved; preparing forms of application for license to sell same for consumption on the premises and to be consumed off the premises; preparing form of license and advice from time to time re same.

22. Examination of title to Woodside Cemetery.

23. Examination of law and long legal opinion relative to liability of town in connection with James Brook and especially with reference to liability in connection with proposed improvement.

24. Various conferences with Selectmen and officials of N. Y., N. H. and H. R. R. re same.

25. Preparation of agreement relative to fertilizing the ground and harvesting of hay crops in Wheelwright Park.

26. Conferences with Selectmen relative to claim of George H. Smith in connection with his arrest by police.

27. Written opinion to Selectmen relative to use of Legion Hall.

28. Conference, correspondence and negotiations with respect to encroachments on town highways on different locations.

29. Conferences and correspondence with Selectmen relative to connecting highway from new State road and attending conferences at Public Works Department and County Commissioners at Dedham.

30. Consultation, correspondence with reference to safety precautions and desirability of flashing light at intersections on new State road.

31. Conferences and correspondence relative to partial release of tax titles.

32. Consultations and advice to Selectmen relative to new Liquor Act and licenses under same.

33. Consultation and investigation and report on liability in connection with claim, Edward R. Jason.

34. Securing releases of abutting landowners in connection with C. W. A. drain projects.

35. Preparing and filing of special Legislation passed during early term of 1933 permitting purchase of property in Hingham adjacent to Woodside Cemetery authority to transfer use of parking space lot; and in connection with widening and improving James Brook.

36. Examination at Registry of Deeds pertaining to

the ownership of landwash, so-called, at the Cohasset Cove.

37. Consultations with and written opinion to application of civil service law to Town Hall Janitor.

38. Conferences, correspondence, etc., relative to numerous small claims of discrepancies in former Tax Collector's accounts where no receipts were available, and negotiations with bonding company re same; various matters still pending.

39. Attendance and advice relative to hearing regarding revocation of Inn Holder's license of owner of private property on Jerusalem Road.

40. Conference with Selectmen and claimant and adjusting claim for loss of tools by employee of Highway Department.

41. Conferences and advice relative to claim of City of Boston vs. Cohasset.

42. Various conferences with Selectmen and Commissioner of Public Safety relative to threatened closing of Town Hall to performances of the South Shore Playhouse.

43. Preparing writ and instituting suit, Town of Cohasset vs. Town of Norwell, including preparation of declaration, etc., involving claim under Public Welfare Relief Statute; still pending and will be reached for trial in 1934.

44. Preparing writ and instituting suit, Town of Cohasset vs. Town of Abington, including preparation of declaration, etc., involving claim under Public Welfare Relief Statute; still pending and will be reached for trial in 1934.

45. Preparing writ and instituting suit, Town of

Cohasset vs. City of Cambridge, including preparation of declaration, etc., involving claim under Public Welfare Relief Statute; still pending and will be reached for trial in 1934.

46. Preparing and filing petitions for foreclosure of right of redemption in various tax title matters; securing appointment of Examiner, etc.; securing payment on \$1875.17 on Williams' case; others still pending.

47. Preparation of writ of entry to secure removal of buildings at Cohasset Cove property involving land decided by the Land Court to belong to the Town of Cohasset in re Bufalo case; also various conferences with parties; still pending.

48. Opinion relative to use of School House on Lord's Day.

49. Preparing blanks and advice relative to filing returns to Internal Revenue Collector on occasions when Town Hall is rented.

50. Conferences with members of Finance Committee, Fire Department, Selectmen and others relative to and preparation of various articles for the 1934 Annual Meeting.

In closing, I wish to thank the Board of Selectmen for the privilege of serving them, other Town Officials and indirectly, all my fellow citizens.

The expression of appreciation of my services by the Board has been an inspiration and incentive to faithful service, a matter in which I cannot excel its members.

Respectfully submitted,

FREDERICK A. THAYER,

Town Counsel.

REPORT OF THE ASSESSORS

Assessors of Cohasset.

REPORT OF BOARD OF PUBLIC WELFARE

The work of this Department has been carried on about as usual, but we received an increased amount of cooperation and assistance from the Social Service League and Miss Fannie James, and hereby wish to publicly express our thanks to them.

The special appropriation for repairs on the Cohasset Home has been used for completion of the re-shingling and painting the outside. A small amount has been carried over for work inside, including plastering and painting.

There are at present five inmates at the Home, one woman and four men.

The C. W. A. funds, amounting to \$15,500 secured by your Selectmen and administrated by the Chairman of Public Welfare have been of great assistance to the people of the town.

For details of the expenditures of this Department we would refer you to the report of the Town Accountant.

Respectfully submitted,

DARIUS W. GILBERT,
HERBERT L. BROWN,
WILLIAM H. MCGAW,

Board of Public Welfare.

REPORT OF THE C. W. A.

A Statement regarding the activities of your Selectmen and other Town Officials in procuring funds and securing the approval of projects under the C. W. A. Program, as well as the carrying out of the details seems desirable in order that all citizens may better understand the situation.

The Massachusetts allotment from the Federal Government was in turn allotted the various municipalities in accordance with population and the number on welfare lists. Under this quota Cohasset was entitled to \$7,841.00 to provide employment for 68 men to February 15, 1934, and notwithstanding, we succeeded in obtaining work for much more than our quota and up to date have had projects approved totalling \$15,613.00, or about double the sum to which we were entitled.

In fact, other projects were submitted, one of which was for beautifying, landscaping and improving Wheelwright Park, which would have given employment to 78 men and another for grading and improving the Town Gravel Pit Lot, which would have employed 17 men. When it was discovered that Cohasset had already obtained so much more than its quota, these projects were denied with the statement that Cohasset should not have received as much as it did.

The first of December, when the number of registered unemployed was learned, the Town Counsel sought to obtain permission to stagger the work but the Massachu-

setts Civil Works Administrator advised that this was not permissible.

Your Selectmen have labored early and late and on many occasions, in company with the Town Counsel, have remained at the State House all day extending into the evening, in order to procure funds and to secure the approval of projects and their only regret is that sufficient funds could not be obtained to employ all registered workers.

The projects that were approved are as follows:

No. 872 — Widening and rebuilding Doane Street. This employed 42 men; was \$3.183.00 for labor and \$600.00 for materials and trucking. The town's contribution was \$600.00.

No. 873 — Constructing two additional office rooms in the Town Hall. This provided work for four carpenters, two electricians and one laborer. The amount secured from the C. W. A. was \$660.00 for labor. The town furnished materials amounting to \$382.00.

No. 874 — Rebuilding the Tide Gate at Cove Bridge. This gave work to two or three men. \$156.00 for labor.

No. 875 — Rebuilding culvert over South Main Street; \$1,200.00 secured for labor and \$150.00 for materials. The Town furnished \$150.00 for materials. This project provided work for 11 men.

No. 2,014 — Involved \$150.00 for clerical assistance.

No. 2,015 — Grant for this work included \$1,350.00 for labor, \$162.00 for foreman, \$61.25 for tools, giving work to 11 men.

No. 2,016 — Trimming and clearing roadsides. The amount granted for labor was \$1,350.00, foreman \$162.00 and tools \$40.50, being work for 11 men.

No. 2,017 — Clearing Pasture at Cohasset Home. \$675.00 was granted for labor, \$162.00 for foreman, \$24.50 for tools, which provided work for 6 men.

On January 8th, application was made for further grant and extension of Project No. 872, the Town securing further grant of \$3,300.00 for labor, \$123.75 for foreman and \$165.00 for engineer and timekeeper.

On the same date we secured an extension of Project No. 873 and secured a grant of \$840.00 for partitioning two more office rooms in the Town Hall.

On January 17th application was made for extending the Tide Gate Project and \$408.00 was secured enabling us to proceed on the second gate.

\$690.00 was also secured for clearing and widening the drain constituting a tributary to James Brook, which flows from Beechwood Street down towards the meadow.

Mrs. Henry E. Sweeney was appointed Director of the Civil Works Service Projects and has rendered a great service in preparing and supervising the women's projects. Our thanks to her are hereby publicly expressed.

Under project No. W238 was granted \$120.00 for clerical work.

Project No. W242 was granted \$672.00 which gave work to seven women who have made many useful articles of clothing and bed-clothing as well as cleansed and mended a large amount of second-hand clothing donated by Cohasset people.

Project No. W243 was granted \$288.00 which gave work to three women who have cleaned several of the Town's buildings.

According to the present outlook the Civil Works Program will extend at least until May. The plan un-

doubtedly will enable the various municipalities of the Commonwealth to submit new projects between February 10th and 15th to continue the number now employed on the program in each city or town to May 15th, or thereabouts. As soon as official word is received a hearing will be requested on the projects to be submitted.

Respectfully submitted,

DARIUS W. GILBERT,

Local Civil Works Administrator.

TREASURER'S REPORT FOR 1933

REPORT OF SEALER OF WEIGHTS AND MEASURES

Cohasset, Mass.,

January 26, 1934.

To the Honorable Board of Selectmen:

Gentlemen: My report as Sealer of Weights and Measures is as follows: The various appliances in Town have been carefully tested, 300 were sealed, 40 adjusted, and 15 were condemned. The amount of \$41.57 was collected as sealing fees and paid to the Treasurer.

I have also retested several weighing and measuring appliances, inspected hawkers' and pedlers' licenses, clinical thermometers, package goods, and other commodities offered for sale.

Respectfully submitted,

LOT E. BATES,

Sealer.

REPORT OF THE TREE WARDEN

To the Citizens of Cohasset:

I herewith submit the following report. There were a number of young trees planted in different parts of the town during the past year. These trees were cared for in various ways as well as all other young trees that have been planted in recent years by driving stakes to which they were formed, digging around and fertilizing. Also the older trees were pruned, mostly by taking out dead branches, also by taking out whatever branches that interfered with the people who use our sidewalks. All elm trees on roadsides were sprayed at the proper time in order to protect the foliage from the elm beetle. Also all elm trees on private property that we were asked to spray were sprayed. The amount of three hundred dollars which was appropriated for the clearing of trees for fire alarm wires was expended and by carefully watching and cutting where necessary, we have been able to keep the wires clear of branches that would interfere with them, therefore causing no trouble to your fire alarm system.

There have been a few more trees and shrubs planted at the foot of the common around the ledge and I hope in the near future we will be able to enjoy the beauty of all that has been done there.

I hereby thank the citizens for their support and cooperation during the past years and as I am not a

candidate for the office of Tree Warden this year I would be only too pleased to assist my successor in any way if my services could be of any value.

Respectfully submitted,

JOSEPH E. GRASSIE,

Tree Warden.

REPORT OF SUPERINTENDENT OF PARKS

To the Honorable Board of Selectmen:

Having been appointed Superintendent of Parks by your board for the past year, I herewith submit the following report on Wheelwright Park.

The mowing of bushes and parking out was taken up where we left off last year. The bushes on the westerly side of the road which goes through the park were mowed, the trees were thinned out and all brush was burned, starting at No. Main St. and going about half way through to Forest Ave.

There has been a number of spruce and balsam trees planted in the park in different places and as they have grown to a height of from six to eight feet they make attractive Christmas trees and quite a few have been cut — probably for that purpose, and something should be done to prevent any further destruction.

The white pine weevil which was very destructive a few years ago did not appear last year to any extent, thereby doing very little damage if any to the white pine trees.

The red pine trees that have been planted in the park are not subject to the weevil, therefore they are thriving well, having no known enemy up to the present time.

It is quite noticeable that the park is being used each year more and more by people who enjoy walking, and also as a bridle path by those who enjoy horseback riding. Therefore all that can be done should be done to maintain and improve the beauty of it.

The fields at the No. Main St. entrance could be made into a most beautiful recreation field, affording baseball and football grounds and also tennis courts, with a fine shaded hill for seating purposes at very little expense.

By selling the present baseball field the money could be used in fixing up the above fields which I have mentioned, thereby providing one of the best recreation fields on the South Shore in my opinion.

I take this opportunity to thank the citizens for the many helpful suggestions which were offered during the past year.

Respectfully submitted,

JOSEPH E. GRASSIE,

Superintendent.

REPORT OF THE MOTH DEPARTMENT

To the Honorable Board of Selectmen:

Having been appointed by your Honorable board as Moth Superintendent I herewith submit the following report.

The work of creosoting gypsy egg clusters was carried on during the past winter and early spring up to the hatching season, after which we started spraying for the different insect pests as they came along, starting with the tent caterpillar. After that we sprayed for gypsy and brown tail moths, elm beetle and fall web worm in turn. Spraying private property was done as in the past, for which the town will be reimbursed. I do not think the elm beetle were so plentiful last year as they were the previous year, as the damage done by them was not as noticeable. However as the only practical method for the destruction of the elm beetle is by spraying, which should be continued at the proper time.

At a Moth Superintendents and Tree Wardens meeting held in Boston January 11 last, reports were read by the different division superintendents and in most parts the gypsy moth is on the increase, particularly on the Cape, where there were large tracts of woodland stripped of the foliage, therefore care should be taken to prevent these conditions to exist in our town.

The fall web worm is a bad pest to handle. As in most cases they form their webs in tall trees which are reached by climbing and cutting the webs off. Large numbers of these webs were cut off and burned. Some days we would get a large truck body full of such webs,

and I do think if this method is pursued we will eventually exterminate this pest.

We have discovered no Japanese beetles in our town as yet and sincerely hope that we never will.

The Mexican beetle has been very destructive and is a menace to the bean grower. Whether it be the farmer or the small home garden, spraying should be done thoroughly, particularly on the under side of the foliage.

We were confronted with a tomato blight last year which destroyed practically all the late crops. I am seeking information regarding the control of this blight if there is any to be had, whether it is caused by an insect or weather conditions.

I am taking this opportunity to thank the citizens for their help and cooperation in this department.

Respectfully submitted,

JOSEPH E. GRASSIE,

Moth Superintendent.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Cohasset:

The usual routine pertaining to sanitation, contagious diseases and other health measures have been observed as in the past. Complaints received have been investigated and measures taken to remedy faulty conditions if found existing.

The Well Baby Clinic conducted monthly at the Ripley Road School auditorium under the supervision of the Social Service League is still in operation.

The aim of the School Dental Clinic the past year has been to remedy all dental defects among the school children of the town. Accordingly every pupil in both schools were examined with 352 found to be in need of dental attention. Of this number, as of date of January 15, 1934, the work on 309 had been completed. The clinic record from April 1, 1933 to January 25, 1934 is as follows: fillings 724, extractions 313, cleanings 147 .

Twenty-three milk licenses have been issued. Inspection of farms and dairies have been made periodically together with frequent tests of milk sold and delivered in Cohasset.

Nine licenses for the sale of Methyl, Wood and Denatured Alcohol have been issued.

A total of 2,026 loads of rubbish and 110 old cars were disposed of at the town dump. During the past year, a telephone connecting the dump to the Beechwood Fire Station has been installed, this as a precautionary measure against the spread of fire.

The usual work of removing silt and debris from James Brook, Straits Pond and other streams has been carried on as in the past. The former, from Ripley Road and back of the railroad station to Brook St., was kept free from obstruction in an effort to minimize or prevent floods but despite this and the removal of an obstruction in the form of a large broken stone under South Main St., and the building of a new section of the culvert, the same areas were again covered with water during heavy rain-falls.

Mainly through the cooperation of Mr. Hollis T. Gleason, an up-to-date drainage system consisting of iron and cement pipes, catch basin and tide gate has been installed at Treats Pond, this replacing the antiquated wooden system that has served for many years and which has been the cause of much trouble and complaint. Of interest to the taxpayers is that while the estimated cost of the project was in the vicinity of \$1,500.00, the total amount expended by the town, due to the efforts of Mr. Gleason, the Mosquito Control Project Committee and the financial assistance of the landowners adjacent to the Pond, was but \$350.00.

Cohasset's proportionate assessment for the Mosquito Control Project as determined by the State was \$250.00. Work on Mosquito eradication in the town consisted of the labor at Treats Pond as described in the foregoing, spraying of stagnant pools and maintenance of ditches excavated by that Committee two years ago.

Respectfully submitted,

NATHANIEL HURWITZ, *Chairman*

ABRAHAM S. ENOS, *Secretary*

ABRAHAM J. ANTOINE, JR.

REPORT OF THE HARBOR MASTER

To the Honorable Board of Selectmen:

Gentlemen: The Harbor Master begs to submit his annual report:

In all due consideration for economy in municipal expenditures, it will be very necessary to increase last year's appropriation for this department.

Runways and floats will have to be thoroughly repaired before putting into the water.

Repairs could not be done on these runs, floats, etc., last year owing to the lack of funds in this department. They are not safe to put into service in their present condition.

The care and administration of our harbor this year was difficult as the number of boats, both large and small, using our harbor was greatly increased.

We wish at this time to express our appreciation for the cordial and cheerful manner in which the fishermen and yachtsmen of Cohasset have given us their co-operation and support.

Respectfully submitted,

JOSEPH J. GRASSIE,
Harbor Master.

JOSEPH S. ENOS,
Assistant Harbor Master.

WM. L. FOSTER,
Treasurer.

Hingham, December 31, 1933.

Trustees of Weymouth Fore River Bridge,

Gentlemen: I have examined the accounts of William L. Foster, Treasurer of the Trustees of Weymouth Fore River Bridge, for the twelve months ending December 31, 1933, and I hereby certify that he had accounted for all receipts that have been reported.

I have also reconciled the bank account and find the balance of \$459.05 to be correct.

Very truly yours,

J. IRVING BOTTING,
Auditor.

REPORT OF THE COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen: As Chief of the Fire Department I submit the following report. During the past year the department responded to 52 calls: 42 bell alarms and 10 silent or telephone calls. The following are the different kinds of fires.

House fires	8	Tar kettles	1
Chimney fires	13	Garages	5
Brush and wood fires	1	Motor boats	1
False alarms	6	Motor trucks	2
Greenhouse	1	Radios	1
Barns	2	Electric stoves	1
Oil stoves	3	Automobiles	1
Gas stoves	1	Range burners	2
Gasoline stations	2	Upholstery shop	1

Engine No. 1 responded to 46 alarms, Engine No. 2 responded to 11 alarms. Engine No. 3 responded to 18 alarms, Ladder No. 1 responded to 41 alarms, Chevrolet Forest truck responded to 47 alarms, Ford Forest truck responded to 22 alarms. These fires are outside of the Forest Department.

The department used 14,750 feet of hose, 1,017 feet of ladders, 7½ gallons of soda and acid, 5 gallons of foamite, 60 lbs. of Fyre Freez and 15 Carbon Tetrochloride bombs.

The assessed value of houses, buildings, automobiles, etc., was \$311,010.00. Loss was \$8,029.00.

The equipment is in first class condition and it is recommended that some hose should be bought.

I wish to bring to the attention of some of the merchants of the town that papers, boxes and rubbish should be removed more often from the backs of their stores.

I want to thank the Honorable Board of Selectmen for their deep interest in the department; to Chief Pelletier and his officers in his department for their cooperation and assistance, to all others who have volunteered their services or assisted in any way and to the officers and members of the Fire Department for the efficient and faithful manner in which they have performed their duty.

Respectfully submitted,

FRANK F. MARTIN, JR.,

Chief.

REPORT OF THE FOREST WARDEN

To the Honorable Board of Selectmen:

Gentlemen: My report as Forest Warden is as follows: The wood and grass fires of the past year were the lowest since holding this office. The spring and fall were unusually wet which was a great help in holding down our cost of fighting fires.

A Fire Patrol is maintained Saturdays, Sundays and holidays and this was carried through by myself last year in the interest of economy, but it would not have been possible only for the season being wet. I want to thank the citizens for their help and cooperation in this department.

A permit is required for burning in an incinerator unless the same is approved by the Forest Warden. A permit is required at all times in the year except when snow is on the ground or it is raining.

Respectfully submitted,

FRANK F. MARTIN, JR.,

Forest Warden.

REPORT OF THE WIRE INSPECTOR AND SUPERINTENDENT OF THE FIRE ALARM

*To the Honorable Board of Selectmen, the Chief of the
Fire Department, Finance Committee, and the Citi-
zens of Cohasset:*

Gentlemen: I herewith submit my report as Wire Inspector and Superintendent of Fire Alarm of the Town of Cohasset.

I take pleasure in submitting my report as Wire Inspector and Superintendent of Fire Alarm. These departments have progressed materially during the past year.

I would like to draw the attention of the citizens of this town to the importance of both the positions. The fire alarm system is very important and cannot be supervised by any person without experience. In the past, the expenses have been higher in cost than they are under my supervision. The fire department has installed eighteen (18) of the most modern fire alarm boxes that are made. We are now installing a new battery charger and batteries which will save the town a substantial sum each year. I would like to have the citizens of the town inspect the fire alarm system so that they will realize the amount of work it requires to keep it in first class condition.

The wires in your homes and outside have been thoroughly inspected. The permit fees in the past year have been eliminated.

In closing I wish to express my appreciation to the Board of Selectmen, the Chief of the Fire Department, the Electric Light and Power Company, and electrical contractors for their cooperation.

Respectfully submitted,

HERBERT WILLIAMS,

Wire Inspector and Superintendent of Fire Alarm.

REPORT OF THE COHASSET POLICE DEPARTMENT

To the Honorable Board of Selectmen.

Gentlemen: I herewith submit my report for the Police Department of the Town of Cohasset, for the year ending December 31, 1933.

Summary of work done by department

Accidents investigated, 82.
 Auto stolen, 1.
 Buildings found open and locked, 46.
 Calls for Inhalator, 12.
 Cars stopped for auto violations and warned, 175.
 Cars stopped for licenses and registrations, 50.
 Cars tagged for improper parking, 40.
 Cars tagged for improper equipment, 54.
 Complaints received and investigated, 1,680.
 Defects in streets reported, 20.
 Dogs killed or cared for, 25.
 Duty calls from boxes (by officers), 4,627.
 Fatal accident, 1.
 Fatal accident on railroad, 1.
 Fire alarms answered, 35.
 Fires discovered by officers, 2.
 Insane and sick taken to hospital, 11.

Inquest, 2.
 Licenses suspended on recommendation, 23.
 Mileage of car, 30,635.
 Mileage of motor cycles, 4,934.
 Missing persons reported, 12.
 Motorist assisted, 42.
 Persons found dead, 1.
 Property found and returned to owner, \$15.11.
 Radio calls to Cohasset Police cruiser, 67.
 Registrations revoked, 11.
 Restitution made, \$61.51.
 Special attention requested by owners of unoccupied
 houses, 35.
 Stolen property recovered by department, \$546.00.
 Street lights reported out, 41.
 Suicides, 3.
 Summer homes inspected weekly, 142.
 Summons served for other police departments, 86.
 Total fines, \$1,003.00.

May I, at this time, express my appreciation to your
 Honorable Board and all the people of the Town of Cohas-
 set for their hearty cooperation and assure your Board
 and the people of Cohasset that the Police Department
 will constantly do their utmost to protect the people of
 Cohasset and their property.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police.

REPORT OF HIGHWAY SURVEYOR

To the Citizens of the Town of Cohasset:

I hereby submit my report for ten months ending December 31, 1933 as Highway Surveyor.

Work on the roads was started as early as possible. All gutters and the drainage system were cleaned and repaired. Many broken pipes were replaced. The streets were thoroughly patched with Tarvia-lithic patching material. Sixty-eight tons were used on the first application. They have been treated twice since, and with a small amount of winter patching should come through in good condition. Several catch basins have been installed.

Under-draining and shouldering in preparation for re-treading were done on the following streets: Beechwood, Church, Short, Margin, King, Hill, Bow, and sections on several other streets. The following streets were resurfaced with Tarvia Re-Tread, beginning on Border Street at the Scituate line continuing through Margin Street and Atlantic Avenue to Cunningham's Bridge. Sohier Street was widened, straightened and re-tread by this method, from King Street to the railroad crossing, Spring Street was re-tread from South Main Street to the railroad crossing and Beechwood Street from Doane Street to the Beechwood School, making a total in all of about three and one-half miles.

A section of Pond Street each side of the new state road was in bad condition all summer on account of the many trucks and heavy machinery used in the construction of the state highway. This street was repaired temporarily last fall and is in good condition at this time. Red Gate Lane was made safe, but there should be a new road built and properly drained as soon as possible.

road built and properly drained as soon as possible.

Bow Street was drained and graveled, and later in the summer was tarred. This street should last a long time at a very low cost of maintenance. Doane Street was impassible. About one and one-half miles of this road were graveled as a temporary measure. This road is being widened and straightened by C. W. A. workers, with some assistance from the town. It could be made a beautiful drive and should be completed, as it is a much used road, connecting Plymouth County at the Hingham and Scituate lines.

Some repair work has been done on the sidewalks on Sohier, Margin, Border, and Hull Streets. About two hundred feet of Tarvia-lithic sidewalk was constructed on Elm Street and also a piece on the westerly side of Wadleigh Park. This is one of the best types of sidewalk material and would recommend that some be constructed each year.

The culvert under Main Street was rebuilt under my supervision, according to the Engineer's plans and specifications of James Brook.

The sea walls at Pleasant and Stony Beaches were repaired under a special appropriation. Six hundred feet of concrete capping was constructed on the opposite side of the street at Pleasant Beach. These sea walls should have a careful study, as they are not proper protection and may be destroyed in any northeast storm.

There are many dangerous places which have been taken up with the Selectmen and Town Counsel and will be corrected as soon as possible.

This Department is much in need of a building in which to house its equipment. The use of part of the Kane garage has proved to be very helpful and some

suitable building should be provided.

I wish at this time to express my thanks and appreciation to the citizens, the Board of Selectmen and all other officers and departments of the town for their hearty co-operation with me in my department.

Respectfully submitted,

JOHN J. PRATT,

Highway Surveyor.

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

The Directors present herewith their annual report for the year ending December 31, 1933.

It is a pleasure and a satisfaction for the Directors to report a substantial increase in the registration and circulation during the past year. The total number of volumes in the Library has also been increased by five hundred.

The school children have shown marked interest in the state reading lists and fifty certificates have been awarded.

The reports of the Treasurer of the Board and the Librarian showing all details of expense and operation are subjoined.

Cohasset, January 13, 1934.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY FOR THE YEAR ENDING DECEMBER 31, 1933

To the Board of Directors:

I herewith submit my report for the year ending December 31, 1933.

The circulation has increased each year since 1925. We welcome suggestions for new books and present them to the Book Committee each month for their approval. Those that we cannot buy may be borrowed from larger libraries.

We observed Library Book Week in November with a good display of children's new books.

Story hours have been held in November and December, and we are planning to continue them through the winter months.

Some of the school grades have been reading from the state lists. Fifty have already received their certificates for five or more books.

I have attended most of the Library Club meetings, and the books reviewed by Miss Jordan, of the Boston Public Library, help in making out our list of children's books.

The Library gratefully acknowledges gifts of books from the following persons: Mr. D. Bruce McLean, Mr.

T. M. Knappen, Mr. Walter Chambers, Miss Mabel Bowman, Miss Helen Phillips, Miss Mary P. Tower, Mr. K. K. Kawakami, Mr. John Richardson, Mrs. John Richardson, Mrs. George G. Crocker, Jr., Dr. John L. Bremer, and Mr. Joseph Lee, Jr.

The statistics for the year are as follows:

REPORT OF SCHOOL COMMITTEE

To the Citizens of Cohasset:

The reports of the Superintendent of Schools, Principals and Department Supervisors give in detail the work of the year.

Superintendent of Schools

Your Committee during the last three years has given much thought to this question. We have decided that the interests of Cohasset would be best served by having a full-time Superintendent who will also be Principal of the Osgood School. This position has been given to Mr. James W. Doyle. The change takes effect August 1st, 1934. Under this program another teacher will be added to the Osgood School staff.

The Committee takes this opportunity to express to Mr. Collins its great appreciation for the splendid work he has done for the schools of Cohasset.

Transportation

Contracts were placed this year for bus transportation with Mr. Frank Wheelwright and Mr. Edward Jason. These buses are owned by the contractors and are all steel construction giving as safe transportation as is possible. The bus which the Town owns is in good repair and will be used another year.

Buildings

All buildings have been kept in good repair. The only large expenditure we can see is for the heating plant at

Osgood School. This may have to be renewed this year.

Grounds

Some grading has been done at the Ripley Road School, and we expect to do more this year.

Basketball

Your Committee went very thoroughly into this and we found that the cost of equipment and protecting the hall was so great that we gave it up.

Kindergarten

We have made a rule that the age of a child to enter the kindergarten be four years, ten months.

Beechwood Schools

We have taken steps to protect the Town's rights in the land for another year.

We call your attention to our financial statement which is included in this report.

Respectfully submitted,

COHASSET SCHOOL COMMITTEE.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Cohasset:

I herewith submit to you and through you to the citizens of Cohasset the annual report of the Superintendent of Schools, the fourteenth I have been privileged to present.

During the year 1933 there were no additions to the teaching force. The only changes resulted from resignations where the vacancies were not filled.

Martha P. Bates

Miss Bates retired from teaching in June, having taught in the schools of Cohasset for a period of fifty years. Words are inadequate to express the contribution of Miss Bates to the Town. She gave of her time and energy unstintingly, willingly, and more than that, gladly. Her only aim was to help boys and girls to become good citizens, and she shot clean to the mark. Fathers and mothers have looked forward to the time their children would come under the influence of their own former teacher, and when that state was reached they were not disappointed. At the last graduation from the High School the Superintendent of Schools had the pleasure of presenting to Miss Bates a certificate signed by the six members of the School Committee, all of whom had been under Miss Bates' instruction, which read as follows, "In grateful appreciation of a half century of loyal, loving, efficient service in the schools of the Town, this diploma is awarded by the School Committee, her former pupils, to Martha Priscilla Bates."

Resignations

As a measure of economy the position of teacher of physical education was discontinued, and Miss Brooks, who had served in that position for seven years, received an appointment in Hingham, her home town. Miss Brooks gave whole-hearted service under the handicap of having neither gymnasium nor suitable playground for the pupils of her older classes.

Miss Grace E. Jason and Miss Thelma Nichols resigned to be married. The vacancies caused by the resignations of these two capable teachers were not filled.

New Program

An adjusted program was necessary to meet the new conditions.

1. The Beechwood School was closed and the pupils were distributed in the two first grade rooms and the two second grade rooms at the Ripley Road School.

2. Miss Brown who had been a supervising principal for the past three years again took charge of a home room as a teaching principal. Eighteen third grade pupils were assigned to her room, and thirty-five to Miss Wing's room. The smaller number of pupils enables Miss Brown to give more attention to the affairs of the whole school. The three lower grades open later and close earlier than the three upper grades giving her time for supervision at the beginning and end of the school day. The work in the building is progressing very satisfactorily under this arrangement.

3. The pupils of the fifth and sixth grades were enrolled in three rooms instead of four. This arrangement is not new to the building as for several years the second and third grades occupied three rooms only. Next year

the two smallest consecutive grades will be the third and fourth, so that they instead of the fifth and sixth will have three rooms only.

4. In the Osgood School the special class for retarded pupils was discontinued inasmuch as the number had fallen below ten, the number which makes the operation of such a class compulsory.

The vacancy caused by the resignation of Miss Bates was not filled. Miss Reed was assigned as home room teacher to one of the eighth grade rooms, teaching eighth grade history in addition to her high school subjects.

Certain high school classes were combined making fewer small classes in the high school. The number of very small classes in the past has bordered on extravagance. The arrangement has not proved too difficult, and the results are satisfactory. The teachers without exception are efficient and painstaking in the conduct of their classes, and thoughtful of the welfare of their pupils.

The school as a whole would benefit by the exclusion now and then of pupils above sixteen years of age who utterly fail to do the work of the school. We have been too lenient in the past in retaining some who either were wholly misfitted for the work or did not care to do it. These pupils not only derive no benefit themselves, but are a detriment to the other pupils.

Retarded Pupils

We have maintained for several years a class for retarded pupils as required by law where there are more than nine three or more years mentally retarded. The class has been composed of pupils ranging in age from eleven to sixteen. The past term the number fell below ten, and the half dozen remaining were distributed among

several classes where they are getting special attention. The first three grades close thirty minutes before the fourth, fifth, and sixth grades, so it has been possible to have two of the six teachers give special teaching in reading to this group each night. We feel that these pupils are well cared for.

However, a test by the State of pupils just a little younger reveals the fact that we are again on the border line of ten, and a class probably will have to be formed in the near future embracing the new retarded and the former. This should be at the Ripley Road School instead of the Osgood School. It is well demonstrated that effective work with the mentally deficient must be done in the early years even before they reach three years of retardation. The work with the fourteen and fifteen year old deficient is of little value except in the manual arts.

Vocational Education

Cohasset has an unusually large proportion of boys who benefit more from training in the trades than from a regular high school course. The town is too small to maintain a trade school, so pays tuition to established trade schools in neighboring towns. One half of the cost of tuition is refunded by the State. Any boy accepted by a trade school can demand the privilege of attending. The local authorities have no way of preventing this had they such a desire. Cohasset has also gone a step farther than other towns in also paying the train transportation to the trade schools of Weymouth and Quincy, so that these pupils are on the same financial footing as the pupils in the high school. Twelve pupils are attending these schools this year, and the expenditure for tuition for 1933 amounted to \$1,717.14, half of which will be returned by the State. In addition the cost of transportation amounts to about \$600.00, making the net cost to the Town \$1,500.00 in round figures for these boys.

Lunch Rooms

The effect of the depression on the families in Cohasset is shown in the decreased patronage of the lunch rooms. It has been the policy of the School Department to sell the food at cost, paying for the cost of service from the regular funds. The cost of service for 1931, and 1932 was at the rate of \$1,800.00 per year. This was cut 6% last March making the cost for 1933 about \$1,700.00. The receipts fell off about \$800.00 making the net cost to the Town \$1,738.92. The net cost for preceding years was as follows: 1932, \$1,166.08; 1931, \$1,041.40; 1930, \$962.51; 1929, \$638.53. The receipts for this period were as follows: 1933, \$2,638.57; 1932, \$3,464.60; 1931, \$4,045.93; 1930, \$3,748.53; 1929, \$4,735.82.

Expenditures

The expenditures for the schools for 1933 exclusive of the expenditures for vocational education were \$69,671.62 as compared with \$75,048.72 in 1932, and \$77,718.32 in 1931. This required a tax rate of \$6.36 as compared with \$6.57 in 1932, \$6.38 in 1931, and \$6.47 in 1930.

A tax rate of \$6.36 per thousand of valuation cannot be considered an excessive burden on the tax-payer. Your attention is called to statistics of neighboring towns appended to this report. You will observe that some of these towns pay a tax twice as high, and that the average in the State is \$8.65.

The average parent in Cohasset has two children in school. If he is paying taxes on property listed at \$4,000.00 he is paying a tax of approximately \$26.00 for the support of the schools, or \$13.00 for each of his two children in school. The balance of the cost is born by those who are wealthy land owners or who have no children. What-

ever tax these last two classes pay is a small contribution for the rearing of the future citizens on whom the welfare of the country depends in comparison with the contribution made by the parents.

Supervision

One year ago your Committee considered under the item of retrenchment whether it would not be for the best interest of the Town to dispense with the services of the part-time Superintendent of Schools and combine the position with the principalship of the Osgood School. Upon consideration this did not prove to be a move toward economy and the matter was dropped. At the June meeting the question was again considered and it was decided to combine the positions beginning August 1, 1934.

There are reasons why the Town should benefit from such an arrangement. Given equal training and experience it is quite obvious that one devoting his whole time to the system can give much closer supervision to the work than has been given in the two days per week the past fourteen years. Two things, however, must be kept in mind, the usual duties of the principal of the Osgood School will still continue, and the details of supervising class room work, the routine of providing supplies, and supervising the school finances, and deciding what shall be taught and how it shall be taught, is done more readily by one of experience than by one unaccustomed to the work.

Since supervision is the principle objective sought under the new arrangement every help should be given the coming superintendent to make his work effective. Not only must he be free from all teaching and study hall duty, but he should be provided with clerical assistance as was the last full-time superintendent in this Town.

The Superintendent much appreciates the efficient work of his successor as principal of the Osgood School. He realizes that the new position will present many new problems, and he has faith that they will be solved in a satisfactory manner. He bespeaks for him the same confidence and support given the past fourteen years by parents, teachers, and the public-at-large.

With deep appreciation of the many friendships formed, and the helpful attitude of those public-spirited men and women who have constituted your School Committee these years, and with an expression of gratitude to those loyal teachers who have served with him, he

Respectfully submits this report,

O. K. COLLINS,

Superintendent of Schools.

PUPIL DISTRIBUTION

The following table shows the distribution of the pupils as to grade and room for October 1, 1932, October 1, 1933, and the estimated distribution for October 1, 1934.

Beechwood School

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. O. K. Collins

Dear Sir: I submit the following brief report for the year 1933.

Organization

A certain amount of reorganization was made necessary in September, by the loss of Miss Martha Bates by retirement and the removal of Miss Winifred Brooks to the Hingham schools. Due to budgetary restrictions imposed by the rigors of the times, their places were not filled and the program of courses was of necessity made somewhat more compact. Teaching loads were increased slightly.

I do not feel that these temporary changes have wrought any appreciable injury to our school system.

College Preparatory

The class preparing for college in 1933 was small. Two boys have entered M. I. T.

None of the pupils in our preparatory classes who have obtained the school's certifying grade of B have failed to meet the college examination requirements over a number of years.

This is no mean achievement when it is known that in one year of those who took the College Entrance Board examination in English, 73% failed. The majority of our pupils preparing for college are an earnest, hardworking group.

Scholarships

There are two scholarships available for Cohasset High School graduates who enter college. These were awarded to David Fulton and Conover Fitch upon the completion of their first term at M. I. T.

Recreational Activities

The customary Junior and Senior dances were held in the spring and were particularly well attended.

Baseball and football clothing must now be paid for by the pupil group and a dance for the purpose of raising funds for this need was also given.

The public dance seems to be the most effective way of raising this money and it has an advantage over other fund raising means in that it requires practically none of the pupils' school time in preparation. It would please me very much, however, if we could devise a means of fund raising which would make it unnecessary to allow our school people to descend on the public as ticket sellers.

Attendance

The habit of tardiness and unnecessary absence still prevails among a small number of school children. This can be eliminated only by the active cooperation of parents. Pupils who are frequently absent, invariably do poor work in school.

I wish in closing to thank you, Mr. Collins, and the entire staff of the Osgood School for the most willing and helpful cooperation.

JAMES WEBSTER DOYLE,

Principal.

Class Graduating from High School 1933

Margaret Elizabeth O'Brien	Richard Henry Tisdale
Mabel Gertrude Thurber	David Fulton
Edith Eileen Ainslie	Arthur Hollis Forsythe
Agnes Louise Goodwin	Edwin Thomas Otis, Jr.
Angelina Elizabeth Mello	Richard Washburn Towle
Betty Smith Piepenbrink	Randolph Archie Feola
Ethel Reeves Dickson	Conover Fitch

Presentation of Diplomas Mr. John Bates

Recessional

Marshal — Frank Wheelwright, '34

REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

*Mr. O. K. Collins,
Superintendent of Schools*

Dear Sir: During the past year a study was made of the reasons for absences from school. The excuse usually given was illness and the type of illness was, in most cases, the common cold. We are trying to reduce the number of absences caused by the various forms of colds by excluding from school all children who show symptoms of this illness.

Next to the absences due to sickness, parental indifference in regard to school attendance was an important cause of poor attendance. Children miss the bus because they do not get up in time. They stay out of school to go on trips. They go shopping on school days with parents. They stay up late and must rest the next day. Such absences are not the fault of the children and school is made to seem unimportant because they are allowed to stay at home when they are not ill. Occasionally the economic condition at home is responsible for pupils' irregular attendance. Nearly all children like to go to school. We try to make our work so interesting and vital to them that they would rather be in school than anywhere else. Children who stay at home for petty reasons soon learn to dislike school and their work suffers as a result. Regular attendance is a habit which we are striving to cultivate along with industry, obedience, cooperation and punctuality. These habits, formed when the children are young, will grow with them and tend to make them good students and worthy citizens.

The teachers are doing excellent work. They are always ready to cooperate and it is a pleasure to work with them. I am very grateful to you for the advice and assistance that you have given me during the year.

Respectfully submitted,

HELEN L. BROWN.

REPORT OF THE ART DEPARTMENT

Mr. Orvis K. Collins,
Superintendent of Schools

Dear Sir: The report of the Art Department for the year nineteen thirty-three is hereby submitted. The work has been carried on under the same time schedule as in the previous year, one and one-half days a week being devoted to the work in the Ripley Road School. An exhibition was held there in June which reviewed the work of the whole year. The splendid cooperation of the teachers made the results very gratifying.

The seventh and eighth grades have been given two periods a week of free-hand drawing and art appreciation. In the High School the four grades have two periods a week each in these subjects. An opportunity has been given to thirty-seven boys of the High School to take work in mechanical drawing, an arrangement by which four different grades work at the same time. This has been difficult at times but seems to be working out very well, due to the genuine interest in the subject on the part of the boys.

We have been trying more than ever to instill into every child an appreciation for art and have considered most important those phases which help to enrich the young student's life, to make it more enjoyable, and to put into it a bit of creative culture.

Your kindly cooperation has been most helpful and is deeply appreciated.

Respectfully submitted,

FLORENCE E. KRAUS.

REPORT OF THE INDUSTRIAL ARTS DEPARTMENT

*Mr. Orvis K. Collins,
Superintendent of Schools*

Dear Sir: In accordance with your request I submit herewith my report of the Industrial Arts Department for the year of 1933.

Previous annual reports have described in detail the aims and organization of our woodworking and printing departments. The citizens of the Town are familiar with the product of our Industrial Arts work through visits to our school exhibits and by means of the woodwork projects and the printed matter that have come to their homes.

The object of this report will be to point out briefly the effects of the financial and industrial upheaval on our Industrial Arts Department.

Due to general unemployment there has been a steady increase in the number of High School pupils remaining in school and electing shop work. The National Recovery Act through abolishment of child labor accentuated this movement and brought additional numbers so that now the enrollment of High School boys is more than double what it was two or three years ago. This year a number of Juniors and Seniors have elected shop work. As no provision has ever had to be made for boys of these grades, they are grouped with seventh and eighth grade boys or work by themselves in a room without supervision or regular instruction, neither of which is good educational procedure or fair to the boys affected.

Supposedly our nation is organized on the theory of

equality for all and special privilege for none. Inequalities of opportunities for education have closed the door of progress for many. Our boys and girls must receive training up to the standard of the children of nearby cities and towns with whom they must compete in later life or they are doomed to failure or at best to a second rate success.

The natural result of the abolition of child labor will be compulsory school attendance through the High School age. If that becomes the fixed status there is but one answer or solution — provisions must be made for an increased school enrollment, not only of those who can successfully carry the courses now afforded but also for those who manifestly cannot benefit from further school attendance except through specially adapted work, which will have to be largely industrial.

I want to call attention again to the fact that four excellent full sized woodworking machines are in the basement of the Osgood School building, where they are of practically no value to the pupils of my department.

Recommendations

1. A one room addition to the Industrial Arts building providing room for present and future larger classes and also for the machines now in the main building basement. Considerable of the work on the addition to be done by the boys.

2. Full credit toward High School diploma to be given pupils for Industrial Arts work instead of half credit as now. Time given to related work and studies of industrial products, occupational opportunities, and so forth, with assigned home work.

Respectfully submitted,

MAX H. MEYER.

Balance on hand from Club Work\$43.73

REPORT OF THE DOMESTIC SCIENCE DEPARTMENT

*Mr. O. K. Collins,
Superintendent of Schools*

Dear Sir: I submit for your approval and acceptance a brief report of the Domestic Science department for the year 1933. The same general program has been carried on in the high school and the grades as has been followed in previous years, a few necessary changes being made.

"Learn by doing" might be taken as a motto for this department and it is hoped that this "doing" in school may help the girls to appreciate the work necessary in the home and to contribute their share toward it.

The girls of the sewing department are taught the making and use of various stitches, the use of the sewing machine and the use of simple patterns so that they may be able to sew for themselves. In addition to their work the girls did considerable sewing for the Social Service; this work included the making of baby clothes, underclothes, suits for small boys and dresses for girls.

In the cooking classes is taught the theory and practice of cooking and serving simple, well prepared foods. In addition to their regular cooking, the girls of the high school class study the preparation and serving of food for an invalid, each girl prepares and serves two trays, one for breakfast and one for dinner.

This department also supervises the serving of the noon lunch which is an important factor of the work.

Most of the preparation for lunch is done by an assistant, one or two dishes are contributed by the cooking classes and some of the high school girls help with the serving at noon.

In closing I wish to thank you and the School Committee for the cooperation which has been given this department.

Respectfully submitted,

HELEN C. WELCH.

REPORT OF THE MUSIC DEPARTMENT

*Mr. O. K. Collins,
Superintendent of Schools*

Dear Sir: It has been my custom in writing my annual report, to stress some particular phase of the music instruction in our schools. This year I wish to call the attention of the School Committee and townspeople to the instrumental work as conducted in the schools.

A splendid opportunity is afforded our children to study an instrument under the guidance of an experienced instructor, an opportunity I wish more of our pupils would be prompted to take advantage of. Class instruction in violin for the small fee of twenty-five cents per lesson is offered in the schools and two classes are meeting once a week. Many of the pupils having mastered the elementary steps in violin playing are carrying on their studies privately and I can report a strong interest in violin playing in both the Ripley Road and Osgood schools. Miss Quin, our violin instructor, has achieved marked success in her work in our schools, not alone for the high standard of instruction, but also for her splendid spirit of cooperation with the rest of the faculty.

A class in trumpet and drum meets once a week at the Ripley Road School and two groups at the Osgood School. Mr. Leach, our instructor is coming to Cohasset once a week for the few pupils interested in brass instruments and is giving loyal and enthusiastic service to our schools.

The instrumental work is self-supporting and I wish to express my appreciation to all teachers for their help in carrying on this work.

A music scholarship has been established by the American Legion Post to enable a deserving pupil to further his or her instrumental studies and one of our high school students is at present continuing his studies through the aid of this scholarship.

Through this report I wish to extend to all the townspeople a personal invitation to become better acquainted with the instrumental phase of music instruction in the schools.

I sincerely appreciate the interest shown by the Committee and Superintendent in the music in our schools.

Respectfully submitted,

FREDERICK A. TAYLOR.

REPORT OF THE SCHOOL PHYSICIAN

I am pleased to report that the general health and condition of all the pupils is better than in any previous year. The depression has perhaps led to their having a more healthful and sensible diet and better out-door habits.

Realizing the contagiousness of common colds, it is the practice in the schools to send home all pupils with running noses. This is apparently not understood by all the parents, for some are persistently sent back to school the next day. Cooperation on the part of parents in this particular will greatly aid the school health which we all desire.

With thanks for the cooperation of the Committee, Superintendent, teachers and the school nurse,

Respectfully submitted,

OLIVER H. HOWE, M. D.
